

"Winning Attitude"

Join Preethi Fernando for an enjoyable and easy going presentation on "Steps for a Winning Attitude." A winning attitude is contagious, but don't wait to catch it from others. A bad attitude is like a flat tire. The other three tires may work just fine, just like other areas of our lives. But that one flat tire, that is, our bad attitude, will eventually cripple us from driving forward. To be successful and happy at your workplace, in your personal life, and in your community, a winning attitude is more

important than ability. You all have a winning attitude, but how much of it are you using in your daily living and in your thinking? Preethi Fernando is the author of six books and an inspirational speaker. She will inspire us with the essentials of a winning attitude. Her award-winning book "17 Women Who Shook the World" fleshes out the steps for a winning attitude that we can all follow. Preethi's presentation is de-stressing, relaxing, and leaves you with renewed vitality to travel your journeys in 2018.
